

Another interesting week in weather, but I'm sure it will be beautiful blue skies for our Saturday rides. Hope to see you all there.

To clarify the details of the Brian Comer incident. Brian's bike was using an after-market fork, not the original Holland Cycles fork at the time the accident occurred. SDBC does not intend to imply that components or bicycles of any individual manufacturer are deficient. As always in cycling, accidents can happen at any time. Ride aware, look after your gear, and consult experts at your local bike shops if you have concerns.

Cheers, and see you on the roads,

A beautiful Santana Sovereign tandem awaits you! Size 58 captain / 50 stoker. I am 6'1" and my wife is 5'3". We are the original owners and have enjoyed this tandem on club rides, but now we live in a hilly area and thus we have aged out. Stunning brushed aluminum finish. Never crashed or dented. Carbon fork included at time of purchase. Drop handlebars for captain/stoker, stoker suspension seat, pedals, and saddles all included. Shimano Ultegra throughout and all mechanicals work correctly. Ready to enjoy and needs nothing, except you!
